**Flex Days are determined by mutual agreement with their Supervisor with a schedule to best meet the needs of the students and building. These days can be worked during the summer months, teacher professional development days and/or during Conference hours.

***Paid Breaks will vary to include extra days as Thanksgiving, Holiday Break and Spring Break only when school is not in session.

Comp Time

Hourly Staff

Employees may occasionally need to work more than their daily contract time. All extra work time must have prior approval from the supervisor. When this happens, the employee may choose to comp their time and use it as paid time off at a later date.

Ideally the comp time should be used within the same work week. If this is not possible, the employee should complete a leave request for the date the comp time will be used. The employee should attach documentation to the leave request of when the hours were actually worked (i.e. paper time card and/or note on the computer time clock report).

Comp time must be used within 30 days of the day worked OR the supervisor must contact the business office if a different time will be used; if not, the employee will be paid for the extra time.

Salaried Staff

Salaried employees are not eligible for comp time per federal law.

Trade Contract Days

Based on job requirements and expectations and as approved by supervisor, there may be occasion when an employee is asked to work outside the regular contract year. In these cases, the employee may trade the day for another day within the contract year.

For example, preschool teachers make home visits prior to the start of the school year; if the home visits are on a non-contract day in August, the teacher may trade that August day for a day later in the year. This may also occur for professional development training that happens during the summer (and is not otherwise paid).

Hours

Teachers

The workday shall commence at 7:45 am and end at 3:45 pm, subject, however, to additional time which may be necessary for open house, parent-teacher meetings, conferences and other activities. The commencing and ending times of the workday may be altered by the building principal.

The building principal is authorized to make changes in the work day in order to facilitate the education program. These changes are reported to the superintendent.

Prep Time (Teachers Only)

Building principals shall design schedules with the goal of providing teachers approximately five hours a week*. Employees shall not leave the building during planning periods without permission of the building principal. Preparation periods are to be used for pupils and/or parent conferences, lesson preparation or any other relevant instructional effort in the building. (Changes in a regular schedule include, but are not limited to: late start, early dismissal, field trips, assemblies, and other activities that take teachers from their regular schedule.)

(* It is understood that individual lesson planning will normally be allocated as follows: Elementary Teachers- 320 minutes weekly; Secondary teachers- 3 days at 85 minutes and 1 day at 60 minutes, for a total of 315 minutes.)

Support Staff

Support Staff shall work the number of hours as mutually agreed to between the employee and the district. All hours worked beyond 40 hours/week will be paid at time and one-half rates.

Time Clock for Support Staff

All Support Staff are to individually clock in and out daily on the electronic time system. They will be paid according to their actual hours worked and as approved by their supervisor.

Custodial/Maintenance

Custodial/Maintenance Staff hours will be Eight (8) hours per day for a total of 40 hours per week for 52 weeks. On a rotation basis, custodians may be assigned to weekend inspection duty. Hours worked over 40 hours/week will be paid at time and one-half rates. If the overtime falls during a week with a holiday, holiday time will be counted towards the 40 hours. Vacation, sick or personal leave time does not count towards this total. All personal days, vacation days, paid holidays, and sick days will be paid as 8-hour days.

Preceding Holidays/Vacations

On days immediately preceding holidays and vacations or days when a teacher must serve an extra-curricular duty during the evening hours, employees may leave fifteen minutes following the dismissal of classes and busses without loss of pay; if it doesn't work to leave early that day, the employee can arrange with the supervisor to use another day within the same week. The last day of school is not considered a day preceding a vacation.

Leaving Early on Fridays

Teachers and Secretaries shall be permitted to leave 15 minutes early on Friday without loss of pay.

Lunch Breaks

Employees shall have a daily, uninterrupted duty-free lunch period with a goal of 25 minutes or more per day. Employees may leave the building without requesting permission during their scheduled, duty-free lunch periods.

All full-time hourly staff are expected to take a lunch break each day. A staff member must have pre-approval from his/her supervisor to skip a lunch break.

Food Service Lunch Breaks

All food service staff, who work more than three hours/day, have a 30-minute paid lunch and some job duties may be required during this time. Staff who elect to leave the grounds during their lunch breaks will be required to clock-out and the break will not be paid. The head cook has the discretion of allowing staff who leave the campus to make up their time either at the beginning or the end of the day.

Inclement Weather

Teachers/Associates/Building Secretaries

On days of announced late starts or early dismissals because of **inclement weather only**, teachers, associates and building secretaries will be allowed to arrive/leave in accordance with the announced starting/dismissal time. For example, if school is delayed two hours and the employee normally starts work at 7:45, their starting time would be 9:45 for that day, or if school is dismissed two hours early, an employee that normally leaves at 3:10 would be allowed to leave at 1:10, without loss of pay.

Food Service

When school is dismissed early due to **inclement weather**, cooks and lunch clerks may leave 30-minutes after the students without loss of contracted hours paid. On days of announced late starts due to inclement weather, head cooks' workday shall begin at 7:00 a.m., workers scheduled to start before 10:00 am shall report to work at the designated time assigned by the building Head Cook, or discretion of the Head cook.

Transportation/Maintenance/Technology/Central

Employees may leave or arrive late at their own discretion using Personal, Vacation or Unpaid time with approval by their Supervisor.

Leaving the Building

Teachers

Licensed employees are to be in their assigned school building during the work day. Advance approval to be absent from the school building must be obtained from the principal whenever the licensed employees must leave the school building during the work day.

Support Staff

Support Staff are expected to stay on-site unless they need to leave the building for requirements of their job. The Supervisor may give permission to leave the building during lunch; staff must sign out of the time clock system.

Teacher Pay

Teachers' salaries for 2019-2020 are based on the Board of Education.

The board will determine the compensation to be paid for the classified employees' positions, keeping in mind the education and experience of the classified employee, the educational philosophy of the school district, the financial condition of the school district and any other considerations as deemed relevant by the board.

The Employee's salary is their base salary with approved increase plus lane increase if earned and then plus the Teacher Salary Supplement. A teacher's base salary is calculated without Teacher Salary Supplement dollars. The Teacher Salary Supplement dollars received by the East Union School District are considered flow through funding for the certified staff.

An employee required to hold a license, authorization or certification for his/her position is solely responsible for ensuring it is current. Failure to do so could, and likely will, result in termination because by law the district cannot pay an employee who does not have a current license, authorization, or certification. Specific information regarding an employee's license, authorization, or certification may be obtained from the Iowa Board of Educational Examiners (BOEE). The BOEE may be contacted by calling (515) 281-3245 or by visiting their website, located at www.boee.iowa.gov/.

(A background check on the driver will be conducted prior to using personal vehicle per the district's insurance carrier.)

Leaves

Absenteeism

In order to accomplish the goals and mission of the district, daily attendance by all employees is imperative. Employees are encouraged to limit absenteeism to emergencies and appropriate instances that cannot be scheduled outside of a workday. Employees must notify their building principal or supervisor of all times when they will be absent or to submit leave requests.

Misuse of leave procedures or misrepresentation of reasons for leave may lead to disciplinary action. Failure to report promptly at the starting time or leaving before the scheduled quitting time or failure to timely notify the proper supervisor of impending absence or tardiness, prior to designated starting time, is reason for disciplinary action even if the employee has not yet exhausted available paid leave.

Leaves for salaried employees (those not on the Time Clock system) will be taken in quarter day increments (2 hours). Hourly employees may take leaves in 15-minute increments based on the computer Time Clock System.

Sick Leave

Employees will be granted ten days of sick leave in their first year of employment. Each year thereafter, one additional day of sick leave will be granted to the licensed employees up to a maximum of fifteen days. "Day" is defined as one work day regardless of full-time or part-time status of the employee. A new employee will report for work at least one full work day prior to receiving sick leave benefits. A returning employee will be granted the appropriate number of days at the beginning of each fiscal year. Sick leave may be accumulated up to a maximum of 90 days. Under no circumstances shall the district be required to grant more than 90 consecutive sick leave days to any employee. Employees may use accrued sick leave for themselves or immediate family members.

Should the personal illness occur after or extend beyond the sick leave accumulated allowance, the employee may apply for disability benefits under the group insurance plan. If the employee does not qualify for disability benefits, the employee may request a leave of absence without pay.

Evidence may be required regarding the mental or physical health of the employee when the administration has a concern about the employee's health. Evidence may also be required to confirm the employee's illness, the need for the illness leave, the employee's ability to return to work, and the employee's capability to perform the duties of the employee's position. It is within the discretion of the superintendent to determine the type and amount of evidence necessary. When an illness leave will be greater than three consecutive days, the employee will comply with the board policy 409.3 regarding family and medical leave.

It is agreed by the East Union Board of Education that catastrophes may occur that are beyond an individual's control. Catastrophes are defined as extreme misfortunes due to an illness or death. Therefore, in the event of a catastrophe, employees may donate unused personal days to another employee who has exhausted their own personal and sick leave. The intent of this clause is to prevent a financial burden on the employee who is experiencing the catastrophe.

Family Medical Leave Act (FMLA)

Unpaid family and medical leave will be granted up to 12 weeks per year to assist employees in balancing family and work life. For purposes of this policy, year is defined as the district's fiscal year of July 1 to June 30. Requests for family and medical leave will be made to the superintendent. Employees may be allowed to substitute paid leave for unpaid family and medical leave by meeting the requirements set out in the family and medical leave administrative rules. Employees eligible for family and medical leave must comply with the family and medical leave administrative rules prior to starting family and medical leave. For additional information regarding the

Family and Medical Leave Act (FMLA) please contact the business office or visit the "Family and Medical Leave Act" section of the United States Department of Labor's website, at www.dol.gov/whd/fmla/.

Extended Leave

Certified personnel having completed 5 years of service in this district may submit a written request to the Board of Directors for a one-year sabbatical leave. If granted, this leave shall be without pay.

Work Place Rules

Absenteeism	<p>In order to accomplish the goals and mission of the district, daily attendance by all employees is imperative. Employees are encouraged to limit absenteeism to emergencies and appropriate instances that cannot be scheduled outside of a workday.</p> <p>Employees must notify their supervisors or principals of all times when they will be absent. Absences arranged in advance (vacations and personal days) do not require a call when absent or when returning to work, unless outside the scheduled time off. If an employee is absent for three consecutive workdays without proper notification and authorization, the employee shall be considered to have abandoned his or her position and may be terminated. Misuse of leave procedures or misrepresentation of reasons for leave may lead to disciplinary action. Failure to report promptly at the starting time or leaving before the scheduled quitting time or failure to timely notify the proper supervisor of impending absence or tardiness, prior to designated starting time, is reason for disciplinary action.</p> <p>Leaves of absence without pay are not encouraged. Requests for leave of absence without pay will generally be denied. Leave request should be completed prior to absence (personal and/or vacation) or immediately upon return (sick and/or bereavement). Every employee should know to whom they report absences and submit leave requests and is generally the building principal or director who supervisors him/her.</p>
Abuse of Break or Meal Periods	<p>Leaving the place of duty during a work shift without permission is cause for discipline, except during unpaid break periods. Employees are expected to return to work immediately upon completion of a paid or sanctioned unpaid break.</p>
Abuse of District or Co-worker Property	<p>Abuse or misuse of district or non-district owned property is to be reported immediately. Failure to do so will limit district responsibility or increase employee responsibility. It is expected all employees will use care and caution using district and non-district property. Abuse or misuse or unauthorized use of district property, private property, materials and equipment is subject to disciplinary action.</p>
Academic Freedom	<p>The district's curriculum leaves room for teacher discretion and academic freedom within the confines of acceptable materials as outlined in each curriculum.</p> <p>Teachers are expected to use good judgment in their pedagogy and consider the culture and climate of the school and community and age of the students, as they individualize curriculum and provide a learning environment and assignments for their students.</p>
Background Checks	<p>The district is required to have background checks completed on all employees at least once every five years. If an employee refuses to sign permission for the check, it could be grounds for dismissal. Background checks are a legal mandate on the district and are considered as a condition of the individual's continued employment with the district. The sex offender registry, the Iowa adult abuse registry and the Iowa child abuse registry will be checked as well as Iowa Courts. If there is a hit on the registries, the employee will be immediately suspended of duties pending a termination by the school board. A hit on the Iowa Courts will require an investigation by administration and the employee may or may not have consequences.</p>
Board Policies	<p>Board policies are established for the success, safety, and protection of all school employees in the performance of their job duties. Board policies are available on-line through the district's website.</p>
Computer Use	<p>Computers and associated technology are the property of the district and are for the use of district-related activities only. District equipment is not for employee personal or business use. Misuse of district technology may impact an employee's ability to perform his or her essential job functions. Misuse of district technology may incur disciplinary action.</p> <p>Any unlawful use of district technology will be dealt with to the full extent of the law. Use of district e-mail for personal reasons is allowed on a limited basis but is still considered as a representation of the district.</p> <p>District employees are urged to use great care and discretion when using social networking and blogging venues such as Instagram, Facebook, Twitter, etc. District issued technology is subject to inspection at any time.</p>

Confidential Records	<p>School employees are entrusted with confidential information – whether it is about students or fellow employees. Employees must not disclose confidential student information. Give careful thought to what you discuss concerning school matters with parents, colleagues, and members of the community. Rumors and criticism are promoted by outside gossip. Many rumors and unnecessary criticism can be avoided by referring critical community members to the school principal or other staff members. Much care and judgment must be exercised in the handling of confidential information.</p> <p>A break in confidentiality can result in disciplinary action and expose the employee to personal liability for violation of privacy laws.</p>
Dishonesty	<p>District employees are expected to perform their jobs in an ethical and honest manner. Any actions deemed unethical or dishonest will incur appropriate discipline. Licensed staff members are expected to know and understand the Code of Ethics of the Iowa Board of Educational Examiners. It is available at http://www.iowa.gov/boee/doc/ethHndot.pdf.</p>
Dress Code/Grooming and Hygiene	<p>All employees are required to dress in a professional and appropriate manner. Any clothing which could be deemed unsafe could result in disciplinary action. Clothing deemed inappropriate will be discussed with the employee. Tank tops, tube tops, and halter tops are not considered professional attire. As role models for students, all staff members are expected to not only dress appropriately, but to practice exemplary hygiene.</p> <p>Employees, who are furnished work uniforms, are expected to keep them clean and in good repair. The uniforms must be returned to the district when they become unwearable or upon termination of employment.</p>
Drug & Alcohol Policies for Employees	<p>Alcoholic beverages, illegal substances and legal substances used illegally shall not be consumed at any time during the employee's work shift. Reporting to work in an unsafe condition, or in a condition which impairs the employee's judgment or performance of job functions due to the use of alcohol or other substances, is a violation of school district work rules. Unauthorized possession or use of alcoholic beverages or other substances during work hours, while on district time or property, or while engaging in district business will result in discipline, including immediate dismissal.</p>
Efficient Use of Time	<p>An employee is responsible for the time on the job which he/she is assigned. Each employee must develop work habits and systems to eliminate back-tracking or poor usage of time. This requires initiative and planning on the employee's part. Do not allow students, teachers, fellow workers or others to interrupt your work with lengthy conversations; simply excuse yourself and say you have work to do.</p> <p>Guidelines in the Fair Labor Standards Act state non-exempt (non-salaried, hourly) employees are not to begin work prior to their scheduled start time. Employees are expected to be at their designated work area ready to begin work at their scheduled start time, and the start and stop time should be accurately reflected on timesheets. To be paid overtime, that time must be pre-approved by the employee's supervisor.</p>
Failure to Complete Reports or Make Required Reports	<p>In order to have the district function in a timely manner, all employees are expected to meet deadlines for all assigned paper or electronic reports, including time sheets, grade reports, student records, and testing results. Failure to meet the deadline may result in disciplinary action.</p> <p>All on-the-job injuries shall be reported to the immediate supervisor and the principal or principal's secretary in a timely manner shall be done as soon as possible but no later than within 24 hours of the incident. This shall be done regardless of whether medical attention is required.</p>
Fighting	<p>Any verbal or physical altercations between or among employees or others will not be tolerated and may subject the employee(s) to disciplinary action.</p>
Fraud/Unlawful Gain	<p>Any deliberate deception which secures an employee unfair or unlawful gain will be grounds for discipline and may be turned over to law enforcement.</p> <p>Any licensed employee will also be charged with fraud as a violation of the Iowa Board of Educational Examiners' Code of Ethics and the district will petition for license revocation.</p>
Insubordination	<p>Insubordination, disobedience, failure or refusal to follow the written or oral instructions of supervisory authority, or to carry out work assignments will not be tolerated. Insubordination will result in discipline including termination.</p>
Key Fobs	<p>The District issues Key Fobs to all staff that allow access to the buildings. Employees are responsible for the fob and should not allow students or non-staff to use it.</p>

Mandatory Cooperation in Workplace Investigation	<p>Any workplace investigation conducted by administrative staff or their designee will receive complete cooperation of all employees.</p> <p>Neglect of Duties All employees are mindful that students are not to be left unattended and they (employees) should not place themselves in any position where student safety is at risk or neglect of duty could be claimed.</p>
Mandatory Reporting of Post-Employment Arrests and Conviction	Any employee who is arrested or convicted shall report such to the district administration. Failure to do so shall incur discipline, up to and including termination.

Performing Unauthorized Work While on Duty	All district employees are prohibited from performing unauthorized work while on duty. Doing so could result in discipline, up to and including termination.
Personal Profit	District employees and students are to be free of coercion to purchase or contribute to any product or cause that benefits any employee personally. Employees are not to engage in soliciting or selling for personal benefit or profit. For any licensed employee, such behavior violates the Iowa Board of Educational Examiners' Code of Ethics, and the district shall report such.
Procedure for Hearing and Review of Discipline	<p>Board Policy 401.4 - Complaints of employees against fellow employees should be discussed directly between employees. If necessary, complaints will be brought directly to the immediate supervisor, principal or superintendent and will be made in a constructive and professional manner. Complaints will never be made in the presence of other employees, students or outside persons. A formal grievance procedure is contained in the master contract between the teacher's licensed bargaining unit and the board. This policy will not apply to a complaint that has been or could be filed at the employee's discretion under that formal grievance procedure.</p> <p>A formal, written complaint must be filed with the immediate supervisor if the concern is not resolved and a more formal investigation is requested. If the complaint is not resolved, the appeal process may be implemented by contacting - in order - the next supervisor in the line of responsibility, then the building administrator, and then the superintendent. The issue may be resolved at any step in the appeal process. The Board of Education is the final appeal body. If specific information is shared with an individual board member, he or she may be recused from participating in an appeal hearing.</p> <p>No appeal will be heard by the Board of Education and no concerns regarding staff members will be investigated or acted upon unless the concern is submitted in written form, signed by the person lodging the complaint and submitted to the board through the superintendent. Due process rights dictate that information should not be shared with the board until it formally convenes as a hearing or appeal body.</p>
Prohibited Harassment, Including but Not Limited to, Sexual Harassment	<p>Board Policy 104 - Harassment and bullying of students, employees, volunteers and visitors are against federal, state and local policy, and are not tolerated by the board. The board is committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment.</p> <p>Bullying and harassment of students and others by other students, by school employees, by volunteers and visitors who have direct contact with students will not be tolerated in the school or school district.</p>
Relationship with Co-Workers (Fraternization)	District employees are encouraged to create an environment where co-worker's collaboration and cooperation adds to the overall functioning of the district and fulfillment of individual job responsibilities. All employees must have a responsible attitude toward their jobs and co-workers, and they should not allow students, teachers, fellow workers or others to interrupt their work. It is important that collaboration for student achievement is accomplished through open communication.

Relationship with Students	District employees are encouraged to create professional relationships with students so as to assist with their learning. Employees should be wary of creating a relationship that is unhealthy or illegal. Adults must always be in a position to be trusted and caring for students, but the district will not tolerate any inappropriate relationships.
Sleeping on the Job	Loafing, loitering, sleeping, engaging in unauthorized personal business or prolonged visiting while on duty is strictly prohibited and will result in discipline.
Tardiness	An employee is expected to be at the job site and ready to begin work at the appointed starting time. Arriving late for work or leaving the job early is not acceptable. In extreme emergencies, notify your immediate supervisor if you need to be late for work. Absence or tardiness because of obligations to another job or outside activity is not acceptable as an excuse. No other income-producing activity takes precedence over your job with the district.
Telephone Use	<p>District phones and personal cell phones and message devices are to be used appropriately at times that do not conflict with the employees' duties. All personal calls, texting and e-mails should be made during sanctioned breaks. District telephones are only for official school business.</p> <p>In case of an emergency, a message may be received, or telephone call made, but the call should be limited to no more than five minutes.</p> <p>Employees will not be called to the phone during the workday except in an emergency. Failure to follow this guideline will result in disciplinary action.</p>
Theft	All thefts should be reported immediately to a principal or supervisor. Any conviction of theft will result in appropriate discipline, up to and including termination.
Timekeeping Infractions	All district employees who are required to keep a time card will do so accurately. Failure to do so will result in discipline, up to and including termination.
Treatment of Patrons of District	Patrons of the district are to be treated with respect on school grounds and at school events. Employees should be courteous at all times, and report to district administration any mistreatment by district patrons. Employee safety is a major district concern, and employees should remove themselves and report any situations where their safety may be compromised.
Treatment of Students	<p>District students are to be treated with respect on school grounds and at school events. Employees should be courteous at all times, and report to district administration any mistreatment by students. Employee as well as student safety is a major district concern, and employees should remove themselves and report any situations where their safety may be compromised.</p> <p>Employees must report any incident of mistreatment of students by a school employee.</p>
Use of District Vehicles	Only employees who possess a valid driver's license and have appropriate insurance coverage may operate a district vehicle in their work performance. Drivers of vehicles will be responsible to pay fines received, including parking tickets. Unsafe use, breaking motor vehicle laws, or personal use of district vehicles will not be tolerated. Employees must complete a Transportation Request Form and receive prior approval when using any District vehicle.
Use of Facilities	Employees may request the use of facilities using the District Procedures. If it is for a for-profit endeavor, charges may apply.
Violence in the Workplace	Violence in the workplace will not be tolerated in any form, and violent acts will be punished to the full extent of the law. Acts deemed violent, even if not covered specifically in board policies, may incur discipline.
Weapons in the Workplace	<p>Board Policy 502.6 (Student Weapons) - The board believes weapons, other dangerous objects and look-a-likes in school district facilities cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on the school district premises or property within the jurisdiction of the school district. Violations will lead to discipline including discharge.</p> <p>School district facilities are not an appropriate place for weapons, dangerous objects and look-a-likes. Weapons and other dangerous objects and look-a-likes will be taken from students and others who bring them onto the school district property or onto property within the jurisdiction of the school district or from students who are within the control of the school district.</p>

Workplace Privacy	<p>The school district attempts to maintain equipment and supplies which permit work to be accomplished in the most efficient and effective manner possible. While employees are encouraged to use these items, it is important to understand that they are school district property and are only to be used for conducting school district business.</p> <p>As a part of their employment, the school district may make a computer, phone, desk or work space available to employees. The computer, phone, desk and the work space are school district property. Because the computer, phone, desk and the work space are District property, not the personal property of the employee, the equipment and the work space are subject to being inspected by the District at any time, with or without notice to the employee.</p> <p>The District assumes no responsibility or liability for any items of personal property which are placed in the desk or work space which is assigned to employees.</p> <p>If the District conducts an examination or inspection under the terms of this policy, there will be at least two individuals present at the time of the examination or inspection.</p>
